

FLATPICKERS

Learn and perfect your playing of popular fiddle and bluegrass
jam tunes with my

New and Unique

“Tune of the Month” Program.

Each month you’ll receive a new tune on CD complete with
pages of tablature.

- **The CD opens** with a short intro, complete tune played, and a review of the chords with a practice track.
- **Melody** - taught clearly, broken down by phrases with repeats for practice and put together part by part until the tune is complete with multiple opportunities to practice with the lead and rhythm tracks which have been laid down. Also a simulated jam session track for you to work on the transition between your lead and rhythm playing.
- **Variations** - A number of them are included if you’d like some variety in your playing of the tune or a challenge with some hotter licks to add to this tune or to put in others you play.
- **Personal Touch** - “It’s like having Steve Kilby sitting there giving me a private lesson” - Warren Knorr. And for only \$15 per month.
